**EXPLANATORY NOTES:**

- 1) Lamps will burn from approximately one half-hour after sunset until approximately one half-hour before sunrise. The City of Gastonia will readily replace burned-out lamps and otherwise maintain the lights during regular daytime working hours following notification by the Customer.
- 2) Lights will be installed on City of Gastonia poles, and all facilities necessary for service under this Schedule, including fixtures, lamps, controls, poles, hardware, transformers, conductors and other appurtenances shall be owned and maintained by the City of Gastonia.
- 3) Equipment (such as disconnecting switches) not supplied by the City of Gastonia as standard is not available under this Schedule, and shall not be installed by the Customer.
- 4) This Schedule is not available for seasonal or other part-time operation of outdoor lights.
- 5) Service using overhead conductors is not available in any area designated by the City of Gastonia as underground distribution area, nor in any area, location or premises being served from an underground source.
- 6) All costs are based on city construction standards. The City will charge an additional 1.7% for any costs incurred that is above the standard installation as an extra-facility charge.
- 7) Effective April 1, 2008: If a customer requests a longer bracket, the Customer will pay the difference between the standard bracket and the longer bracket.

**TERMS OF PAYMENT:**

All bills are due and payable UP TO twenty-one (21) days from the date of the bill. If not paid within this period, the City reserves the right to discontinue service and hold any deposit until the bill is paid. Services scheduled for disconnection for non-payment are subject to administrative/disconnection charges. If a customer's service has to be disconnected at the pole, an additional \$55.00 charge will be added to the customer's account along with a \$55.00 reconnection charge to have service restored.

**CONTRACT PERIOD:**

The original term of contract may be from a minimum of one year to a maximum of 10 years. Contracts will continue after the original term until terminated by either party on thirty days' notice. The customer may amend or terminate the Agreement before the expiration of the initial Contract Period by paying to the City of Gastonia a sum of money equal to the net present value of the original installed cost based on the time remaining in the initial Contract Period. Minimum term of contract for specific situations shall be:

- a) One year for all lights installed at a residence on an existing pole and designated by the City of Gastonia as standard.
- b) Three years for all lights installed at a residence solely on a new pole and designated by the City of Gastonia as standard.
- c) Five years for all lights installed at a residence solely on a new pole and served with underground conductors.
- d) Ten years for all lights designated by the City of Gastonia as decorative, and for all standard lights mounted on supports other than standard wood poles and for primary extensions solely serving the lights.

**EFFECTIVE ON ALL BILLS RENDERED ON OR AFTER OCTOBER 1, 2020**
