

SECTION 4.0 EMULSIFIED ASPHALT

4.01 Material Requirements

Materials supplied under this section shall comply with the requirements as set forth in Section 1020.6 of the North Carolina Department of Transportation Standard Specifications for Grade RS-2 Asphalt.

This material shall be for the maintenance, repair, and surfacing of City streets.

4.02 Test Results

When required by the City, the contractor shall present to the city a materials analysis report, at the contractor's expense, certified by an approved engineering testing laboratory showing that the materials supplied meets all specifications as set forth above. The City also reserves the right to perform any tests on these materials as may be necessary. All materials found unsatisfactory shall be removed from the City property at contractor's expense. Any contaminated materials or unsatisfactory materials shall be removed and shall be replaced with approved materials at contractor's expense.

4.03 (G) Unit Price

All bid prices for this item shall be on a per gallon basis delivered F.O.B. to the City of Gastonia's storage tanks located in Gastonia, North Carolina. Delivery shall be made as required by the City.

4.04 (G) Method of Payment

Emulsified Asphalt shall be paid for at the contract unit price per gallon as delivered and accepted by the City. Payment shall be made upon receipt of an itemized invoice.
